Dear Linda,

Congratulations on your success in what was certainly a challenging year in real estate. Through your hard work and extra effort you were able to achieve what few have been able to do in even the best of real estate markets. You placed in the top 10% among the over 1 million realtors across the country as well as within the Real Estate One Family. In a market where transactions are more difficult and client's needs more complicated, your efforts put you head and shoulders above the rest.

Stu, my father and I thank you for your commitment and dedication to your clients and our family.

Sincerely

Dan Elsea
President-Brokerage Services
Max Broock and the Real Estate One Family of Companies
